User	Refers to any staff with authorization to use the application.
Jaiz	Jaiz Bank PLC
IT	Information Technology
UG	User Guide
URL	Uniform Resource Locator or Web Address
DH	Divisional Head
MD	Managing Director
BM	Branch Manager

4.0 DESCRIPTION

This is a HR Viability Portal platform designed for use by all staff of Jaiz Bank Plc to make requests for Facilities. It serves as a pre-approval means of filtering out various requests for facilities.

5.0 RESPONSIBILITIES

- The functional responsibility or use of the system lies with the staff profiled for any roles as defined in the application.
- The Application Solutions Unit of IT is responsible for providing support and upgrade of the application as may be required.

6.0 USER MODULE

6.01 Login View

- HR Viability Portal is accessible via the URL:
<http://172.13.21.160:8013/HRViabilityPortal>

Kindly note that: **You will not be able to access the portal if you are unconfirmed!**

- User Access would have to create and grant access to any staff on the application before he/she can log on to the application otherwise the user will be denied access as displayed below.

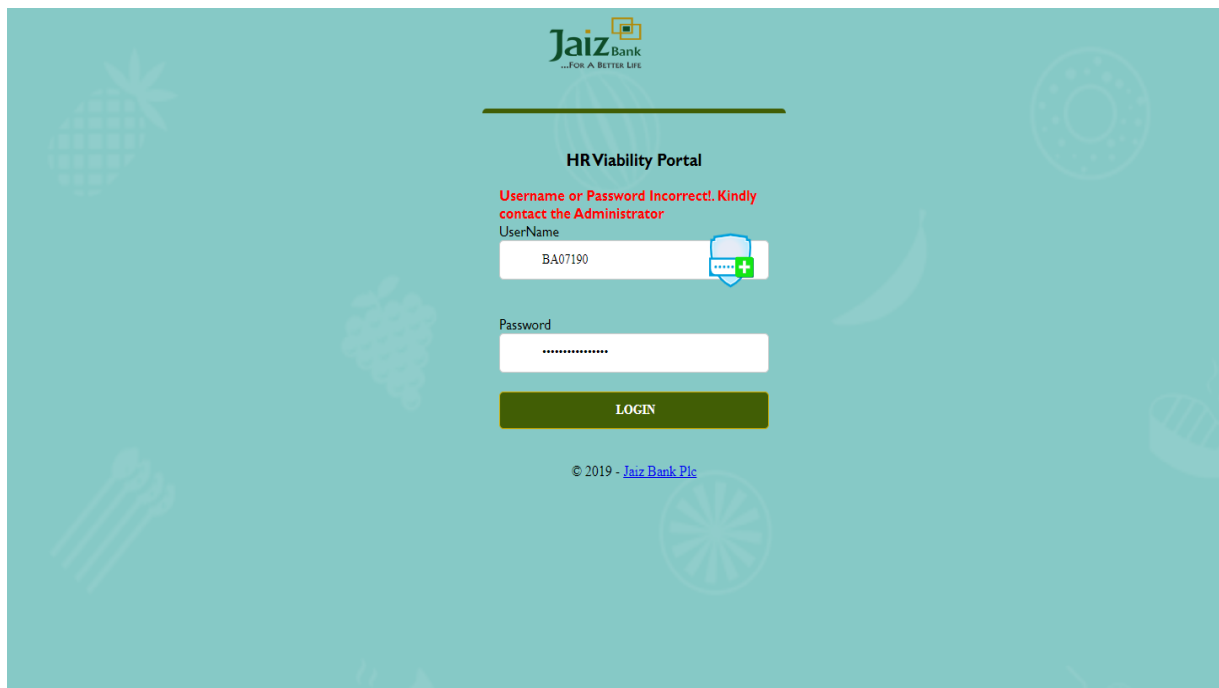

Figure 1 Login Page

6.02 Initiating a New Request

- If the user is a valid user (has access to the application), the figure below (Figure 2) is rendered.

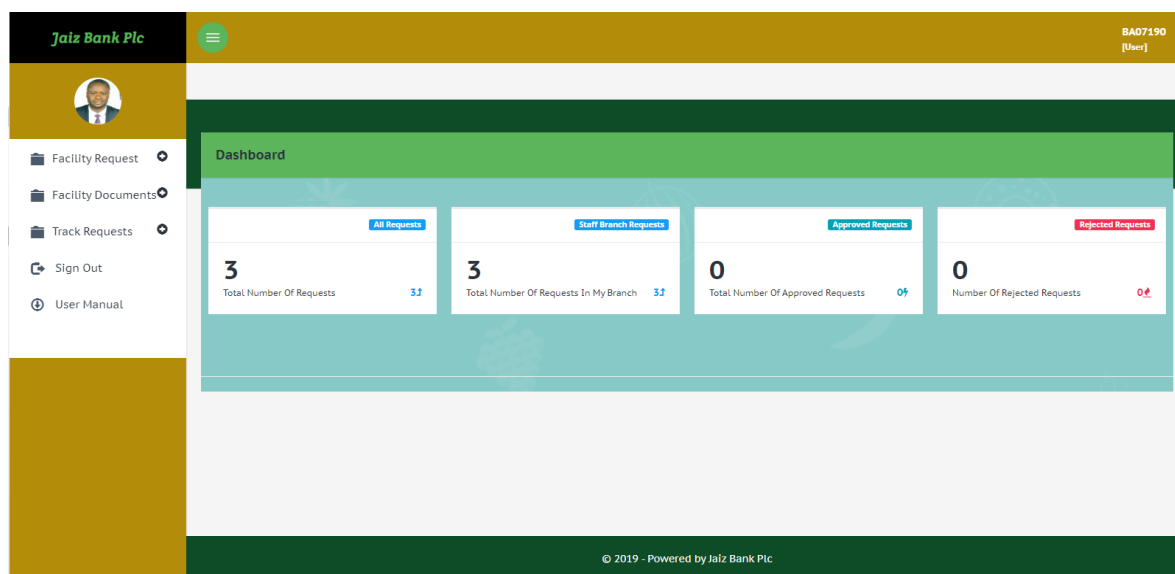

Figure 2 Landing page after login

- From the landing page, the user can see the landing page showing the dashboard as shown below. To move ahead, kindly click on **New Request**

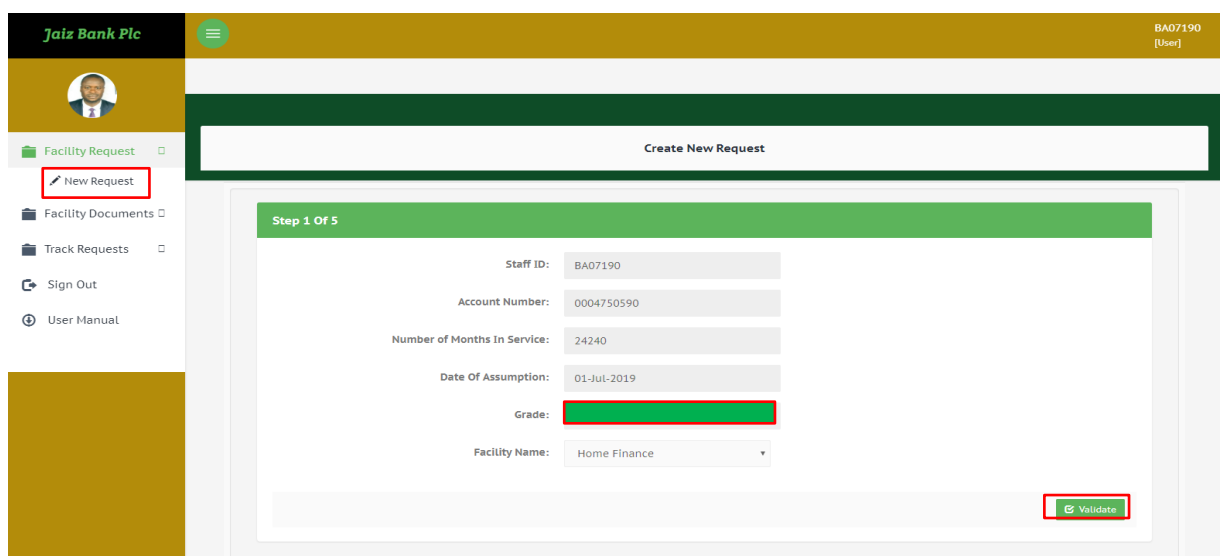

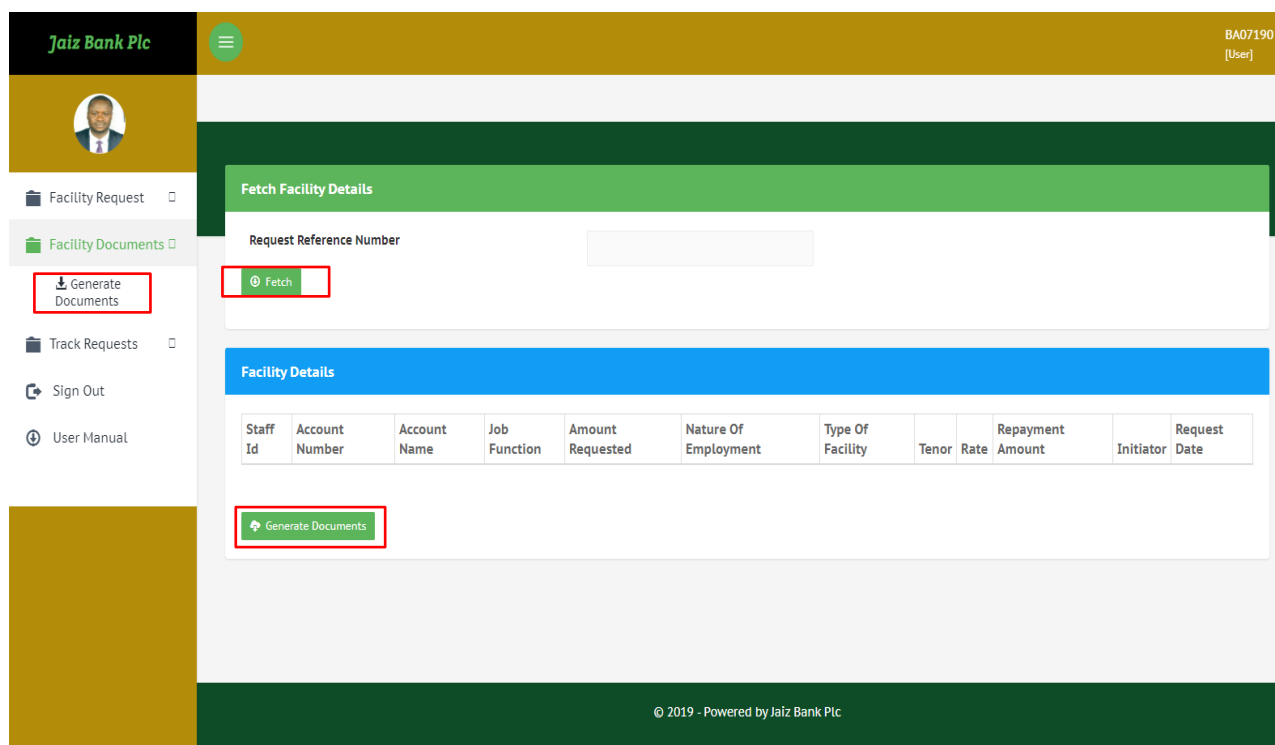

Figure3 Page after clicking New Request menu

- The User will be taken to the page as shown in figure 3. The user is expected to click on **Validate**
- Follow through on all the steps (very straight-forward) with respect to the application till completion.

6.03 Generating Facility Documents

- User clicks on the '**Generate Documents**' menu as shown below and inputs the reference number sent in the notification after completing a request application successfully.

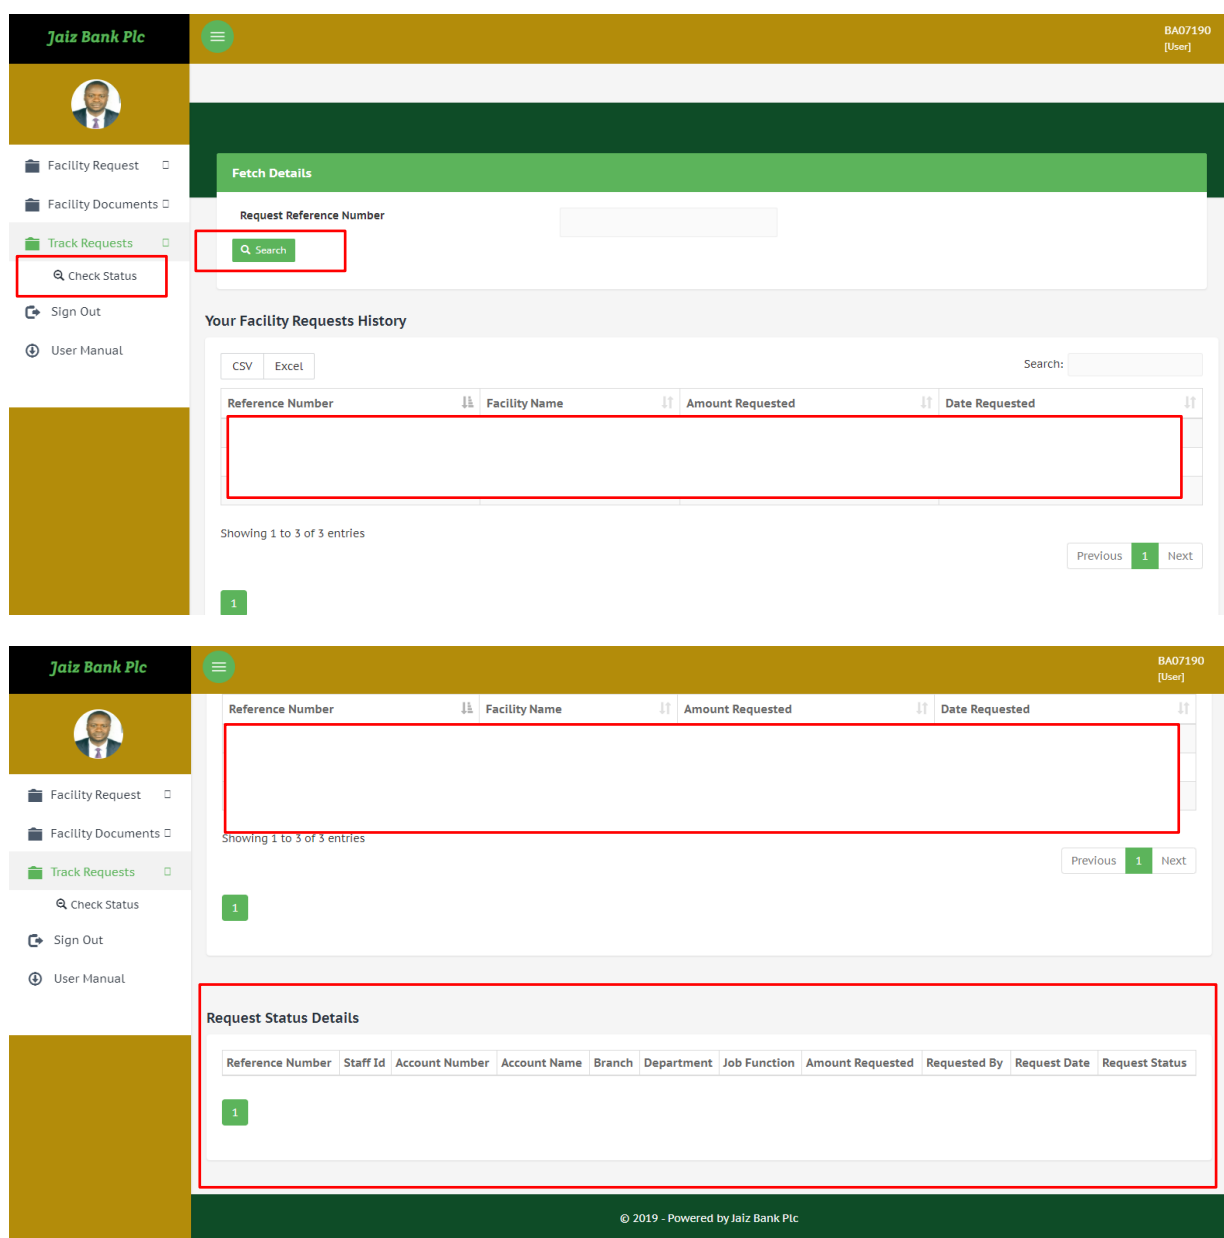

The screenshot displays the Jaiz Bank HR VIAB portal. On the left is a sidebar with navigation links: Facility Request, Facility Documents, Generate Documents (highlighted with a red box), Track Requests, Sign Out, and User Manual. The main area features a 'Fetch Facility Details' section with a text input for 'Request Reference Number' and a 'Fetch' button (also highlighted with a red box). Below this is a 'Facility Details' table with the following columns: Staff Id, Account Number, Account Name, Job Function, Amount Requested, Nature Of Employment, Type Of Facility, Tenor, Rate, Repayment Amount, Initiator, and Request Date. At the bottom of the table is a 'Generate Documents' button (highlighted with a red box). The footer shows '© 2019 - Powered by Jaiz Bank Plc'.

Figure4 Generate Documents Page

- Users click on the Generate Documents menu, click on the **Fetch** button after inputting the reference number in the field provided and also click on **Generate Documents button** after the details of the user's facility is shown.

6.04 Track Request Status

- Users can also track the status of their request to find out where/whose table their requests I presently sitting on as shown below:

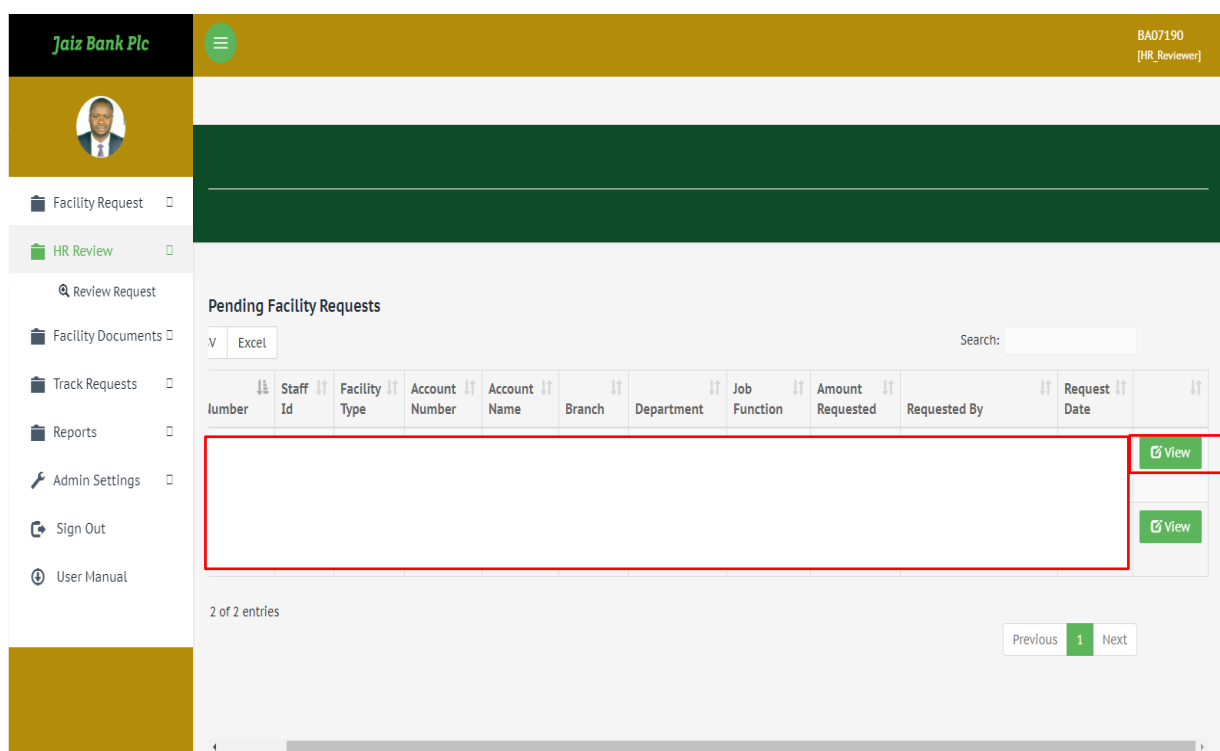

The screenshot displays the Jaiz Bank HR Viability Portal interface. The sidebar on the left contains navigation links: Facility Request, Facility Documents, Track Requests, Check Status, Sign Out, and User Manual. The 'Check Status' link is highlighted with a red box. The main content area features a 'Fetch Details' section with a 'Request Reference Number' input field and a 'Search' button, also highlighted with a red box. Below this is a table titled 'Your Facility Requests History' with columns: Reference Number, Facility Name, Amount Requested, and Date Requested. A red box highlights the table area. The table shows 1 entry. Below the table, it says 'Showing 1 to 3 of 3 entries' and includes 'Previous', '1', and 'Next' navigation buttons. The bottom section, 'Request Status Details', contains a table with columns: Reference Number, Staff Id, Account Number, Account Name, Branch, Department, Job Function, Amount Requested, Requested By, Request Date, and Request Status. A red box highlights this section. The footer indicates '© 2019 - Powered by Jaiz Bank Plc'.

8.0 HRAPPROVER MODULE

- HR Approver clicks on Approve Requests menu to work various facility requests that was initiated by users and reviewed by the HR Reviewer as shown below:

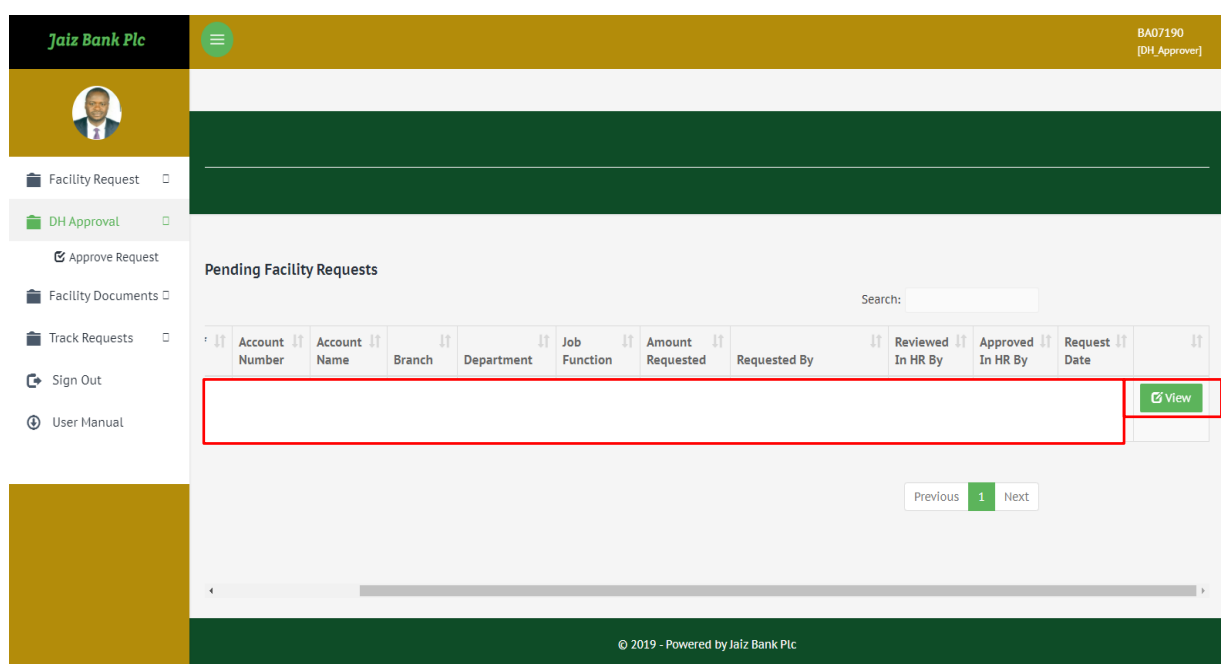

The screenshot shows the HR Approver module interface. The sidebar on the left contains the following menu items: Facility Request, HR Approval (highlighted), Approve Request, Facility Documents, Track Requests, Sign Out, and User Manual. The main content area is titled 'Pending Facility Requests' and includes a search bar. Below the search bar is a table with the following columns: S.No, Account Number, Account Name, Branch, Department, Job Function, Amount Requested, Requested By, Reviewed in HR By, and Request Date. A red box highlights the 'View' button at the end of the first row in the table. The footer of the page indicates '© 2019 - Powered by Jaiz Bank Plc'.

- HR Approver clicks on the **View** button as shown above to review the Facility Request and Approve/Reject the Facility.
- HR Approver can also access the following menus: New Requests, Generate Documents, Track Request Status, etc

9.0 DHAPPROVER MODULE

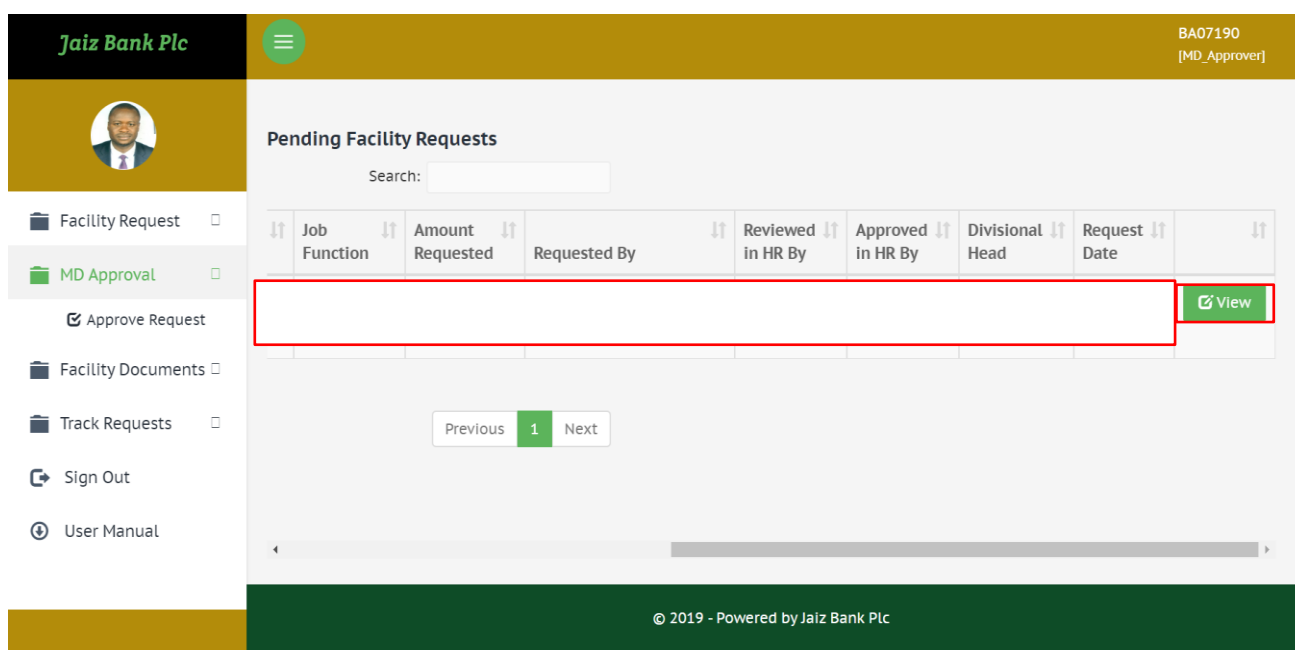

- DH Approver (Divisional Head) reviews and approves/rejects facility requests which was approved or worked on by the Head of HR depending on the flow of the request if it flows to the DH or straight to the MD directly as shown below:

- DH Approver (Divisional Head) clicks on the **View** button as shown above to review the Facility Request and Approve/Reject the Facility.
- DH Approver (Divisional Head) can also access the following menus: New Requests, Generate Documents, Track Request Status, etc

10.0 MDAPPROVER MODULE

- MD Approver (Managing Director) reviews and approves/rejects facility requests which was approved or worked on by the Head of HR/Divisional Head depending on the flow of the request if it flows to the MD or straight to the BM of the user's branch directly as shown below:

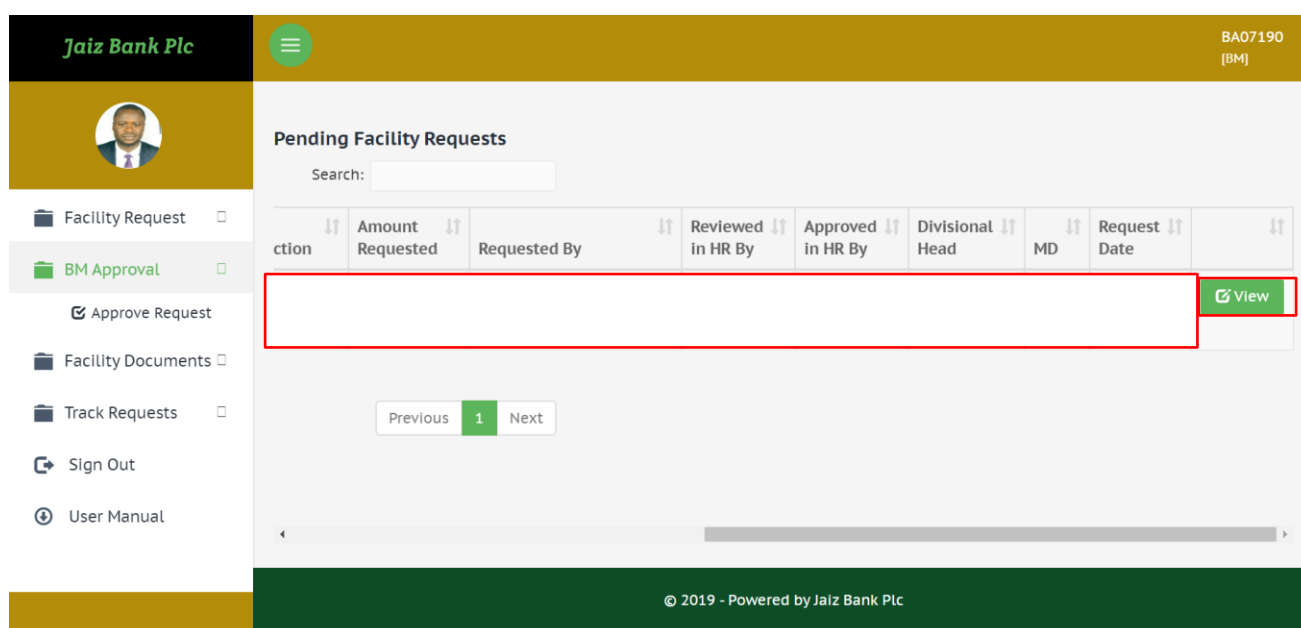

The screenshot shows the Jaiz Bank Plc HR VIAB portal. The top header includes the Jaiz Bank Plc logo and the user's role, BA07190 [MD_Approver]. The sidebar on the left contains navigation options: Facility Request, MD Approval (highlighted), Approve Request, Facility Documents, Track Requests, Sign Out, and User Manual. The main content area is titled 'Pending Facility Requests' and features a search bar and a table of requests. The table has columns for Job Function, Amount Requested, Requested By, Reviewed in HR By, Approved in HR By, Divisional Head, and Request Date. A red box highlights the 'View' button for a specific request. Below the table, there are 'Previous', '1', and 'Next' navigation buttons. The footer indicates '© 2019 - Powered by Jaiz Bank Plc'.

- MD Approver (Managing Director) clicks on the **View** button as shown above to review the Facility Request and Approve/Reject the Facility.
- MD Approver (Managing Director) can also access the following menus: New Requests, Generate Documents, Track Request Status, etc

11.0 BM MODULE

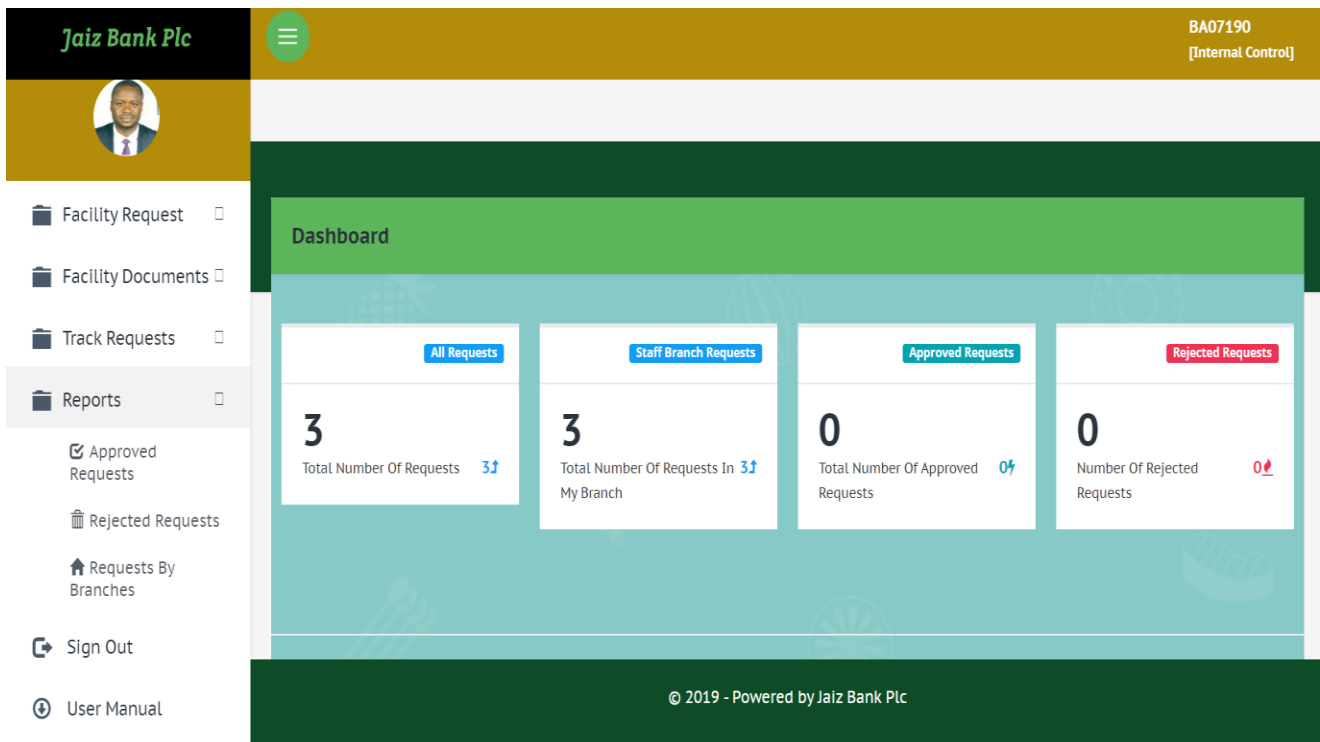

- The BM (Branch Manager) is the last line of the flow of the Facility Requests. He/she only approves the Facility Requests and that ends the cycle of the application. The page is shown below:

- The BM (Branch Manager) clicks on the **View** button as shown above to review the Facility Request and Approve/Reject the Facility.
- The BM (Branch Manager) can also access the following menus: New Requests, Generate Documents, Track Request Status, etc

12.0 INTERNAL CONTROL MODULE

- The Internal Control User has access to the following menus: New Requests, Generate Facility Documents, Track Request Status, Reports. The page is shown below:

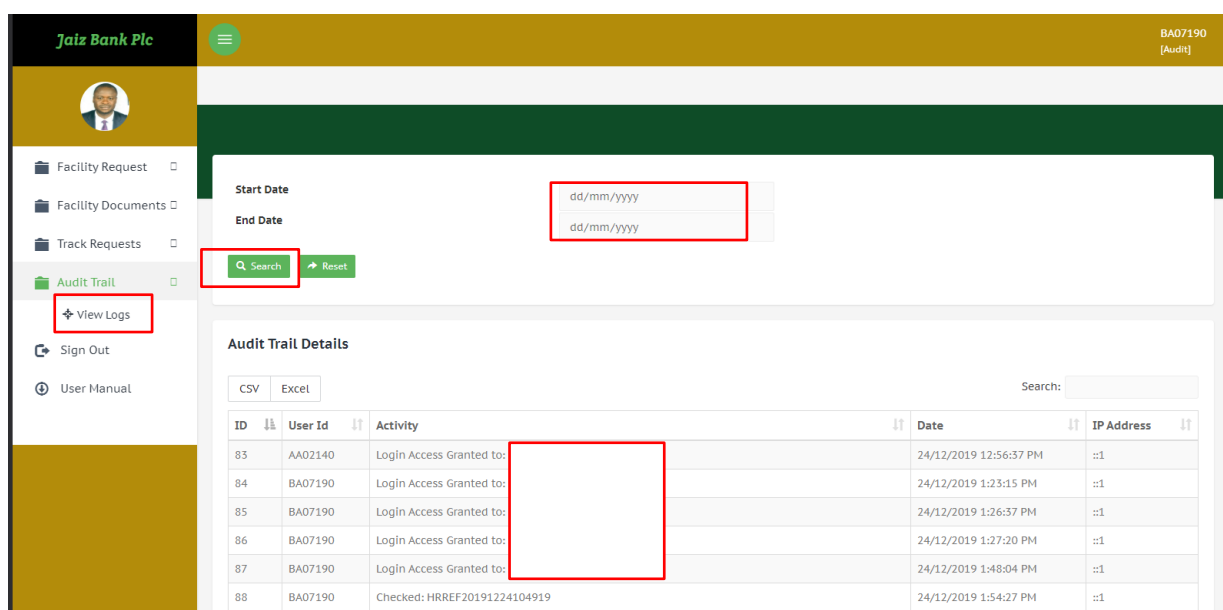

The screenshot displays the internal control user interface. At the top, the header includes the Jaiz Bank Plc logo, a user profile picture, and the user ID BA07190 [Internal Control]. The left sidebar contains a menu with options: Facility Request, Facility Documents, Track Requests, Reports (selected), Approved Requests, Rejected Requests, Requests By Branches, Sign Out, and User Manual. The main dashboard area, titled 'Dashboard', features four key metrics:

All Requests	Staff Branch Requests	Approved Requests	Rejected Requests
3 Total Number Of Requests	3 Total Number Of Requests In My Branch	0 Total Number Of Approved Requests	0 Number Of Rejected Requests

The footer indicates the copyright year 2019 and that the system is powered by Jaiz Bank Plc.

13.0 AUDIT MODULE

- The Audit User can view all the applications logs (Audit Logs) for Audit purposes. To know who did what?, who logged in and at what particular time?, etc. The user needs to enter a date range for the logs he/she needs to check/view. The page is as shown below:
